

A Call to Action What Can I do?!

This Legislative Session is short so don't delay.

- Start by reading the Committee's Guiding Principles – See if you agree and clarify your own guiding principles to apply to our list of proposed bills.
- Review the List of Bills, Bill Summary and the Committee's position on those Bills and again, see if and where you agree or don't with our position.
- Download the Excel Spreadsheets with links to Legislative Committee schedule of hearings on Bills we have listed.
- Testify via Zoom or in written testimony in Opposition or Support, or simply sit in on the meetings in-person or virtually to learn more.
- Write your Elected Officials and state your opinion.
- Share this link, <http://www.columbiagrango267.org/resources-1> with others, Columbia Grange Members, Community Members and other organizations who are working on similar issues.
- And feel free to contact our Committee via this email sara@healthysystems.net
